

Your security system

This set includes devices building the baseline to protect you from chosen threats. If you want enhanced protection, switch to the Advanced.

Automation & Environmental Sensors

Ambient Light, Temperature and Humidity Sensor

The LMHT-3 is a wireless ambient light, temperature and humidity sensor, waterproof to IPX5 standard, designed to measure and report variations in light intensity, temperature and humidity.

OR

Energy Meter - Smart reader LED Pulse sensor

EMD-1ZBS E-Meter is a power metering device designed to measure electricity consumption from the electricity meter. E-Meter counts LED pulses from the house meter and converts it to Watt and accumulated KWh.

OR

Thermostat - Advanced

TMST-2ZBS/TMST-2B-ZBS is a Zigbee thermostat designed to be incorporated into household heating and cooling system for home environment control.

OR

Thermostat - Basic

TMST-15ZBS is a wireless Smart Zigbee Thermostat designed to be incorporated into household heating or cooling system for home environment control.

Water Leakage Sensor

Wireless water leakage sensor with powerful functions, the WLS-23 Series is designed to make your family more comfortable and prevent against serious water damage that can cause stressful and expensive home repairs and damages.

OR

Temperature Sensor c/w External probe & lead

TS-9EL Series is a wireless temperature sensor that monitors the temperature of your surrounding environment.

OR

Z-Wave Dongle to interface into Z-Wave devices

Z-Wave Dongle is connected to the USB port of a gateway panel so that the gateway can integrate Z-Wave sensors, including a thermostat.

OR

ZigBee Relay Controller

The PRL-1ZBS is a ZigBee relay controller designed to automatically open and close garage doors, driveway gates, pool covers, window coverings, project screens, etc.

OR

ZigBee Wireless Universal IR Controller

Vesta's UPIC-5ZBS is a wireless remote that can control devices that understand infrared (IR) signals.

Outdoor Devices

Superior Outdoor PIR Motion with double layer and Pet-Immunity

The EIRP-J1 is a high performance wireless PIR motion detection sensor for superior outdoor detection.

OR

Outdoor PIR Motion Sensor with Pet-Immunity

The EIR-32 is a high performance wireless outdoor pet-immune PIR motion detection sensor. EIR-32 uses advanced Adaptive Digital Signal Processing (ADSP) algorithms for superior sensitivity and reliability.

OR

Outdoor Camera PIR Motion Sensor with Pet-Immunity

VST-862EX Series is Vesta's next generation outdoor PIR motion sensor camera. Leveraging F1 technology with long RF communication range, VST-862EX Series has immediate image transfer rate, enhanced penetration and sensitivity rate, and advanced dynamic speed adjustment algorithms.

OR

Remote Outdoor Siren & Strobe - Advanced

BX-32 is a battery-operated outdoor siren that is designed to be fitted in the front of the property in a highly visible position, providing a permanent visual deterrent to intruders.

Water Leakage Sensor

Wireless water leakage sensor with powerful functions, the WLS-23 Series is designed to make your family more comfortable and prevent against serious water damage that can cause stressful and expensive home repairs and damages.

Indoor Devices

Camera PIR Motion Sensor with Pet-Immunity

The VST-862P-F1 is Vesta's next generation pet-immune PIR motion sensor camera leveraging F1 technology with long RF communication range, enhanced penetration and sensitivity rate, immediate image transfer rate, and advance dynamic speed adjustment algorithms.

OR

Dual-Tech Indoor PIR Motion Sensor with Pet-Immunity

IRMP-23 Series introduces dual-tech indoor motion sensors that combine one passive infrared (PIR) sensor with a microwave sensor to powerfully enhance the sensitivity and accuracy of detection.

OR

Ceiling Mount Indoor PIR Motion Sensor

The IRD-23 is a ceiling mount PIR motion sensor with a 360° look-down capability to eliminate blind spots in the monitored area.

OR

Indoor PIR Motion Sensor

IR-29 Series is a microprocessor controlled PIR motion sensor providing quality detection. Its advanced ADSP algorithms ensure exceptional performance in sensitivity, reliability, and false alarm immunity.

Smoke Detection Devices

Smoke Detector - Multi-functional (Smoke, Heat, Motion, & Emerge Light)

Multi-functional wireless smart smoke detector with powerful functions, the SD-29 series is designed to protect your family against potential fire hazards, and build a more comfortable lifestyle.

OR

Smoke Detector - Basic

Wireless smoke detector, SD-8, is a reflective photoelectric sensor that detects smoke from any source, especially smoldering fires, protecting your premises against potential fire hazards.
